### EMPLOYMENT

---

#### Front End Developer

*Money Map Press*

**October 2021 – Present**

*Baltimore, MD (Remote)*

- Translates design team's UX wireframes and mockups into 100+ landing pages and order forms using HTML, CSS and Javascript.
- Served as the point of contact for stakeholders throughout all phases of the development lifecycle, fielded quality concerns and aligned deliverables with business specifications.
- Performs testing on web pages, analyzes user feedback and coordinates with cross-functional teams to identify opportunities for optimization.
- Performs team code reviews (group of 5) and mentors entry-level developers.

#### Benefits Consultant

*USI Insurance*

**March 2020 – January 2021**

*Fort Lauderdale, Florida*

- Implemented virtual marketing strategies to partner with businesses in the South Florida area.
- Responsible for diagnosing issues and communicating potential solutions to help companies take control of healthcare costs.
- Attended all issues, claims and problems related to client's coverage and those specifically related to individual employees.
